

LETTER OF RECOMMENDATION

To Whom It May Concern

I am offering this reference at the request of Dalibor Rodić, who has been my student since 2011 at Faculty of Economics in Banja Luka. Dalibor is an excellent student; in one of the subjects (Strategic Management) I teach he achieved the highest grade. During his study he has showed great interest in the subject, far beyond what was required. He has demonstrated exceptional knowledge and skills in all area including research, analysis, communication and the like.

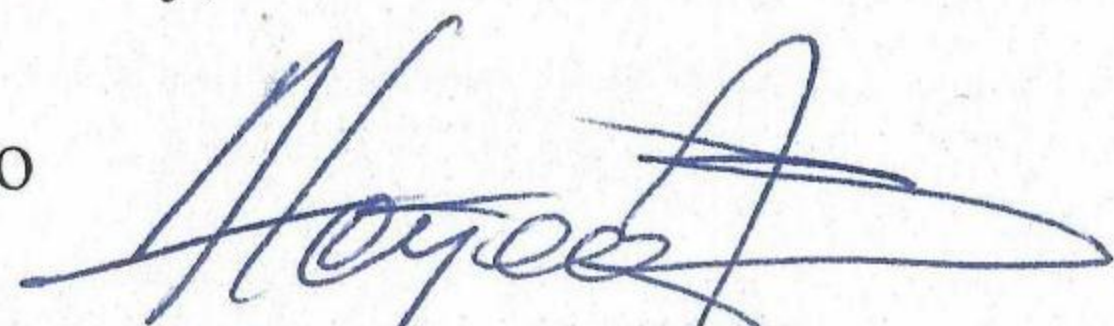

Apart from academic activities Dalibor possess other abilities and ambitions. He is also part of the organising committee for the International Conference REDETE (Researching Economic Development and Entrepreneurship in Transition Economies). His responsibilities, among others, included event organising and session coordination. In that context he has demonstrated great capabilities in all tasks.

Having in mind all previously stated, I strongly recommend Dalibor for any event or job related to strategy development, project planning or event organising. Dalibor is very motivated and ambitious young man who can elevate other group members to perform even better. His communication skills allowed him to create high empathy with other group members, which means that he is able to understand their perspectives while working with them.

If you should need any additional information about Dalibor, do not hesitate to contact me either by phone +387(0)65412521 or e-mail jovo.ateljevic@efbl.org.

Sincerely,

Jovo
